

Audit Findings Register

Finding ID	Related Control	Objective Evidence	Root Cause	Business Impact
F-001	A.8.13	No restoration test report exists despite 6 months of backup operation	Procedure documented but no owner/deadline assigned	Unverified recoverability against ransomware (R-015)
F-002	A.8.2	Current-quarter privileged access review sign-off not found	Reviewer's calendar reminder broke after a personnel change	Increased window for undetected privilege creep
F-003	A.6.3	Regional completion breakdown shows inconsistency, overall 68-72% vs 95% target	No automated escalation for overdue employees	Elevated phishing/social engineering susceptibility in lagging regions
F-004	A.5.19	2 of 4 critical vendors lack signed security addenda	Legal review capacity constraints	Partially unmitigated vendor risk (R-012, R-013)
F-005	A.8.8	Scan logs show gaps in 2 of the last 8 weeks	No alerting configured for missed scan runs	Inconsistent protection of highest-priority risks (R-001, R-002)
